

# Vultures of the Peace

*There is a deep suspicion that the Fascist majority of the United Nations is conspiring to mobilize world opinion against Soviet Russia so as to counteract the defeat of Fascist Europe and Asia and eventually to involve this country in war with Russia.*

IN 1942 THE military might of European Fascism was dominant from North Cape to Libya, from the Pyrenees to the Caucasus. Today, in April 1945, the armed might of European Fascism, driven back from the Volga, is fighting its last stand west of the Oder and west of Vienna with the desperation of the hysteria of defeat. The Red Army of Soviet Russia since June 22, 1941, both in its magnificent fighting retreat back toward Leningrad, Moscow, and Voronezh, and at Stalingrad, where the tide turned into the glorious advance that is still continuing to wring victory after victory from the enemy, announces that it has killed and captured 11,400,000 of its Fascist foe. The armies of United States, Great Britain and France have poured across the Rhine from Holland to Switzerland. The armored columns of General Eisenhower's armies have plunged deep into Germany and some have reached the Weser, the last remaining water barrier before the Elbe.

The armies of United States, Great Britain and France have encountered only a disorganized Germany — no such thing as an actual military front of the German Army exists to oppose them — only the sporadic opposition of isolated German Army groups in the north and in the South. The American, British and French soldiers of General Eisenhower's armies have nowhere come face to face with a continuous military defense of German territory east of the Rhine. The isolated elements of the Wehrmacht are surrendering in droves to the soldiers of the American, British and French generals. German troops and German cities surrender to American GI's by telephone. Barely 160 miles separate the American army from the Russians 30 miles east of Berlin.

Where are the German Panzer corps, the German tanks, the German artillery and the overwhelming bulk of the German army? The answer is that they are massed along the Russian front fighting from the Baltic to the Adriatic, presenting the last and only fighting front that the armies of Fascist Europe are presenting to their enemies. The day of the military might of Fascist Europe is drawing to a close as the armies of the allies close in for the last assault. The armies of European Fascism will be annihilated in the greatest military debacle of all time.

## ***DEATH BEYOND THE FIGHTING FRONT***

The technological weapons of total war have spread ruin and devastation halfway around the civilized world. In World War I the devastation of military conquest was

mostly confined to the no-man's land between the opposing armies. In World War II the airplane, the flying bombs and the rockets have carried death and desolation, destruction and demolition a thousand miles beyond the fighting front.

The industrial heart of Europe is comprised of that territory which includes eastern France, Luxembourg, part of Belgium, Holland, the Saar, the Ruhr, the Rhineland, Italy north of the Po, eastern Austria and Czechoslovakia, to its eastern frontiers in Polish and German Silesia. From out of this industrial heart of Europe flowed a production of physical wealth that was not only the lifeblood of Europe but reached the far corners of the earth. Never in the history of man has the devastation and destruction of the means whereby human beings live been carried so far and wide; never have so many habitations, public buildings and industrial plants been reduced to so much rubble.

The civilization of the world has been torn apart in the bloodiest, most devastating struggle of all times. This struggle had its immediate beginnings in the first Fascist political party propaganda by Mussolini and Hitler almost simultaneously in Italy and Bavaria in 1919. The opposing combination of forces first began to coalesce in the Anglo-French partition agreement of December 1917 which culminated in the erection of the Cordon Sanitaire. Historically, this conflict had its beginning 730 years ago when Pope Innocent III, a spiritual pontiff, became an international political sovereign and declared the Magna Charta null and void, deposed King John of England, and appointed Prince Louis of France to the English throne, to be followed by the formal establishment of the Inquisition in 1230.

### ***THE HISTORICAL BEGINNING***

This was the historical beginning of the coalition of forces in western civilization that were finally to flower in the Fascist domination of Europe in 1942, and these are the forces that will finally culminate in a defeat of annihilation in 1945. European Fascism has staged the last counter-revolution in over 700 years of European history. The Bourbons and the clericals, the nobles and the peasants have made their last great military effort to reestablish the Fascism of the Holy Roman Empire. For over 700 years the kings and nobles and later business and finance, always with the church at their back, have stood as the great preservers of the status quo. They have stood as the bulwark in European society against social change to maintain their law and their order, and to permit only that change which enhanced their economic, political and ecclesiastical power.

The Treaty of Westphalia in 1648 terminated the bloody religious battles of the Thirty Years War. The Treaty of Westphalia was in actuality only an armistice between Rome and the forces of reformation that represented social change at that time.

Hitler as the leader of German Fascism continually screamed for the abrogation of the Treaty of Versailles and the Treaty of Westphalia, thereby fervently proclaiming the historical connection that we have delineated here. The Bolshevik Revolution of 1917 introduced social change of a new order.

The forces of reaction and counter-revolution immediately got under way on the international scene to suppress and overthrow this revolutionary upstart among the nations, this new harbinger of social change. Russia was invaded without a declaration of war by the armies of Britain, United States, France, Italy and Japan, her former allies in World War I, and by German armies, her former enemies in World War I. Russia was isolated in Europe by the erection of a Cordon Sanitaire around her western boundaries. The Cordon Sanitaire were the puppet states of Finland, Estonia, Latvia, Lithuania, Poland and the territorial subtractions accruing to Romania and Turkey.

It must be borne in mind that the Cordon Sanitaire was thought up by the Bourbons and nobility of big business and finance of western Europe with the spiritual benedictions and support of the Vatican, Fascism first emerged as a political action in the Catholic countries of Italy, Rhineland and Bavaria. It is interesting to note that the Roman Catholic hierarchy under the command of the Vatican began preaching a holy crusade against Bolshevism. Fascism in Europe became the political action first, and later the military action of this holy crusade.

### ***TEMPORARY DEFEAT***

Fascism achieved political control in Italy in October 1922. In 1923 Hitler's National Socialist Party, the Fascist party of Germany, went down to temporary defeat in the Beer Hall Putsch of Munich of that year. Fascism did not gain control in Germany until early 1933 when Von Papen maneuvered a senile and dying Hindenburg into appointing Adolph Hitler Chancellor of the Reich. From then on the development of Fascism accelerated. In 1935, Poland adopted a constitution that would permit the creation of a Fascist state. This was shortly followed by civil war in Spain under the leadership of Francisco Franco and the Falange, or the Spanish Fascist party.

Spanish Fascism led by Francisco Franco and supported by the armed forces of Italy and Germany, which were helped out by the financial and material support of the financial Bourbons of France, Great Britain and the United States, extinguished the Republic of liberal Spain in 1937. Loyalist Spain, the duly elected Government of the Spanish people, with over \$700 million in gold in its treasury, was unable to buy arms or military supplies with which to defend itself. Of all the nations only Russia came to the aid of Loyalist Spain. United States, acting contrary to international law, in 1936 placed an embargo on the sale of arms and military supplies to the Government of the Spanish

Republic and yet at the same time it permitted some of the largest corporations in the United States oil industry to become the chief suppliers of fuel to Franco's Fascists.

### ***TRUCKS FOR FRANCO'S FASCISTS***

One of our largest automotive corporations, through its subsidiary export corporation, became the chief supplier of thousands of trucks and automotive vehicles to Franco's army while our State Department refused to grant an export license for the shipment of a Chevrolet sedan from United States to Barcelona, Spain (Loyalist), for the stated reason that one lonely Chevrolet sedan landed in Barcelona could by stretching the imagination be converted into a war vehicle.

It is interesting to note that United States had a Presidential election in November 1936. It is also interesting to note that Papal Secretary Pacelli visited this country and the White House months before the National Election and approximately at the same time that President Roosevelt declared an embargo on the sale of arms to Spain. It is again interesting to note that President Roosevelt and the Democratic Party were returned to power in November 1936 with the greatest majority vote in the history of American politics. Franco's Spain became firmly established as an ally of all the reactionaries of the world of international finance, an ally of international corporate business and the religious internationalism of the Vatican, and a signatory to the Anti-Comintern Axis Pact of Fascism. In 1937 Japan, after completing its occupation of Manchuria, attacked China. The annexation of Austria and the absorption of Czechoslovakia were but incidents in the same world pattern of Fascism.

From 1934 to 1941 international business promoted, sold, shipped and delivered a continuous stream of scrap steel, oil, rubber, copper, nickel, lead, zinc, asbestos, cotton, copra, antimony, and arsenic to the ports of Japan, Spain, Italy and Germany. During this period many of the great leaders of corporate enterprise waxed fat from the profits of underwriting and supplying the materials for the creation of the Fascist war machines of Europe and Asia. Fascism in Europe and Asia was created as a worldwide conspiracy by the international clerical hierarchy. It was highly profitable business, this international game of supplying the sinews of war for the Fascist armies of Europe and Asia. It has been even more profitable business to produce the sinews of war of United States, Canada and Great Britain and Lend-Lease for the defeat of the Fascist armies.

Great Britain and her ally, France, declared war on Germany on September 3, 1939, when Fascist Germany invaded Poland. France in 1939 was the hollow shell of a nation rotten to the core with Fascist intrigue. The Cagoulard, the Croix de Feu, the 200 families of France, the Roman Catholic hierarchy, the French general staff and the officer class, French business, big and little, were all alike militant pro-Fascist. One of the great lies perpetuated by the Fascist press and widely accepted in Canada and United

States was that French labor and French radicals were responsible for the collapse and downfall of France. Marshall Petain, Pierre Laval, Diplomat Peyrouton; Administrator Boisson, Pucheu, and Cardinal Suhard are but a few of the more active Fascists and collaborators.

General Charles De Gaulle heads the Provisional Government of France. The De Gaulle leadership, while it has constituted a rallying point for military action of the French people, sponsored originally by Churchill and his Tory conservatives and belatedly by Washington, has yet to prove that it will not revert to the Fascism latent in De Gaulle's social background. De Gaulle was a staff officer under Marshall Petain in the last war and later served under General Weygand in Poland as part of the French military assistance to the Poles in turning back the Bolshevist hordes in 1920. General Charles De Gaulle comes out of a family social background in France whose members have constituted the bulk of the leadership of French Fascism until June 6, 1944. Only the future will portray the true picture but it is safe to say that, if the new France is able to stage a revolutionary renaissance and a complete divorcement from her previous Fascist collaboration, it will be in spite of the leadership of De Gaulle and not because of it. It will be because new forces will have been generated within the French nation, within the people themselves, that will compel De Gaulle and his clique in the Provisional Government of France to bow to the inevitable or suffer political liquidation.

Belgian royalty and Belgium's best families sold out Belgium to Fascism as slickly as did their brethren in France. One must never forget that when General Korab, commander of 250,000 veteran soldiers (not conscripts) of the 9th Corps of the French Army, surrendered without a fight to the Germans at the Sedan Gap, the end of the Maginot Line, the fall of France became inevitable. So too, when King Leopold and the Belgian Army surrendered to the Germans a little later, the debacle of Dunkirk became inevitable.

Clerical Fascism had permeated and ideologically conquered the national structures of Italy, Germany, Austria, Hungary, Czechoslovakia, Poland, France, Spain, Portugal, Belgium and Ireland before the spring of 1939. It had seduced and corrupted the ruling structures of Romania, Bulgaria, Greece, Yugoslavia and Finland at the same time. Simultaneously with this achievement it had succeeded in winning public favor and approbation and open-voiced support from Tory conservatives and better business in Great Britain, Canada and the United States. It had also succeeded in firmly implanting its doctrines and ideological leadership in the countries throughout the Latin world, through its paid export and subsidizing by its agents of business and finance and the trained emissaries of the Espana Falange. The Falange permeated the Philippines and every Latin- American country from the Rio Grande to the Tierra del Fuego.

## ***AGAINST SOCIAL CHANGE***

In the history of the struggles and conflicts of the nations of the world, Fascism will have achieved the greatest ignominy of all time in that it has permeated more nations with treason, sabotage, mass murder and the sadistic torture of millions, all for the one purpose of creating a militant holy crusade for the suppression and destruction of social change.

Within the next few days the last organized military effort of European Fascism will be blotted out by the military might of the Allies. The San Francisco conference will be staged at the Golden Gate on April 25 with all the tinsel trappings of international Hollywood ballyhoo. It will be extolled as the great meeting of nations coming together to found an organization which will enforce peace and security- for all the nations of the world forever and forever. Amen!

The United States State Department, in collaboration with 10 Downing Street, London, with Paris and Rome, has succeeded in applying such a volume of the whitewash of international absolution to the black Fascists of Argentina that they have now grown the appropriate halos of good neighbors and the golden wings of democracy, just in time to spread those wings at the San Francisco conference, provided of course that Russia doesn't object. When all the fighting in Europe is for all practical purposes done for, all one has to do to be admitted to the United Nations is technically to declare war on paper against Germany and Japan. Last minute efforts are being made to have Italy declared a co-belligerent. No doubt Italy will declare war on Japan and this would entitle the birthplace of Fascism to be an honored member with full voting rights at the Golden Gate. Spain and Portugal, it is not too late, for even in the last hour you will be able to enter our Father's house, if you too cleanse your souls! Of course it logically follows that, if Japan were to declare war on Germany and Germany were to declare war on Japan, it would constitute prima facie evidence of their good intentions and therefore they too could add their voices to the hallelujahs.

What a conglomeration! Never has there been such a collection of international vultures. Let us list the nations represented at the San Francisco Conference and underline the black vultures of the peace:

Australia  
Belgium  
Bolivia  
Brazil  
Canada  
Chile  
China  
Colombia

Costa Rica  
Cuba  
Czechoslovakia  
Dominican Republic  
Ecuador  
Egypt  
El Salvador  
Ethiopia

France  
Greece  
Lebanon  
Liberia  
Luxembourg  
Mexico  
Netherlands  
New Zealand

<u>Nicaragua</u>	Turkey	Iran
Norway	Union of South Africa	Iraq
<u>Panama</u>	Union of Soviet Socialist	United Kingdom
<u>Paraguay</u>	Republics	United States
<u>Peru</u>	<u>Guatemala</u>	<u>Uruguay</u>
<u>Philippines Commonwealth</u>	<u>Haiti</u>	<u>Venezuela</u>
Saudi Arabia	<u>Honduras</u>	Yugoslavia
Syria	India	

The Big Four, Great Britain, United States, China and Russia, constitute the sponsoring nations for the San Francisco Conference. Leaving aside the 'Johnny-come-lately,' Argentina, there will be nineteen nations from Latin America attending the conference. Great Britain, France, Canada, Belgium, Netherlands, and United States have welcomed Argentina back into the official family of nations by extending diplomatic recognition which had been withdrawn for some time. Argentina has therefore technically complied with all of the requirements for attending the conference at San Francisco. This would make Nation No. 20 from Latin America. Mayor LaGuardia of New York and Representative Mercantonio have petitioned Washington to have Italy declared a co-belligerent and attend at San Francisco.

Even Spain has broken off relations with Japan but, leaving Italy, Spain and Portugal out of the conference guests for the moment, we will pass on and include France, Belgium, Luxembourg, and the Philippines which, added to our previous twenty, brings the total to 24. These 24 nations are Roman Catholic in religion and have been satellite nations in the international orbit of Vatican policy. Of these 24 nations only three have been invaded by the enemy Belgium, France and the Philippines.

Fascist infiltration was the chief cause of the downfall of Belgium and France, and a contributing one in the Philippines. Only one other of these countries, Brazil, has indulged in an active military participation in this war and then with only a token contingent of Brazilian troops on the Italian front.

Great Britain, Canada, Australia, South Africa, India, and New Zealand comprise the six votes of the British Commonwealth block. The Russian bloc includes Czechoslovakia and Yugoslavia. The United States, China, Norway, Netherlands, Greece and Ethiopia are all that are left of the attending nations, exclusive of the Mohammedan group. What a kettle of fish!

Great Britain, United States and Russia will be the three great military powers of the world upon the downfall of Germany and Japan. If the three all-powerful conquering lions of the world cannot maintain peace and security, then forty jackals that rush in at

the kill to devour the carcass will not be able to create world peace and security.

### ***INTERNATIONAL DOUBLE CROSS***

World War II is a total war militarily and ideologically waged by one set of nations supporting one policy against another set of nations supporting another policy. This war is a world conflict between two opposing policies. There have been and there are only two policies, Rome and Moscow, and all participants are allies of one or the other. How can you expect anything but an international double cross to come of San Francisco when the majority of nations invited are allies of the policy of Rome?

The United Nations conference in San Francisco has been called for the avowed purpose of having the representatives, delegates and advisers of the United Nations assembled to confer, discuss, and decide upon the design and construction of a permanent peace. The United Nations conference at San Francisco is not a peace conference. It will not fix boundaries and allocate territories; neither will it determine any war reparations. It will, however, erect on paper an international assembly of sovereign nations to be governed in theory by the common consensus of the majority; in actuality, to be controlled only by the coordinated agreement of the Big Three. To put it mildly, if the Big Three cannot agree among themselves, all of the lesser powers combined could neither prevent disagreement nor compel agreement.

The apparent purpose of the United Nations conference may be described as a laudable ideal internationalism but, in spite of this idealism, there lurks the deep suspicion supported by incontestable evidence that the underlying purpose of the San Francisco Conference is a smooth and well laid conspiracy of the Fascist majority of the United Nations to mobilize world opinion against Soviet Russia so as to counteract the defeat of Fascist Europe and Asia. This conspiracy is perpetrating a state of war between this country and Soviet Russia. The machinations of the Fascist intriguers within the ranks of two of the Big Three have already created a dangerous crisis in the relationship between United States and Soviet Russia. If these machinations are permitted to continue, an open breach is inevitable in the near future.
